Mental Health and Wellness Support

As we navigate these uncharted territories, IUSD is making thoughtful considerations regarding resources that would be supportive to students and families. Please find below some helpful resources that may be of assistance to you.

Community Mental Health

As a reminder, please access your regular mental health provider for support. If you have private insurance, consider calling your carrier for a referral list that matches your child's needs.

For those who are seeking alternatives, here are some on-line therapy options:

1. [Good Therapy](#)
2. [Talkspace](#)
3. [BetterHelp](#)

The above list is not a comprehensive list of providers in Orange County and is NOT a formal referral from IUSD. Please use discretion in selecting a mental health provider.

Second Step - Home Links

Second Step is a social-emotional learning (SEL) program that teaches children skills for learning, empathy, emotion management, and problem solving. Your little eagle should be familiar with this content as they have had second step lessons in their classroom. Here are some home link resources by grade level:

[2nd Grade](#)

You got this!

This may look like a lot of information. It is not to overwhelm, but to use at your discretion as you spend more time at home over the next few weeks. This is a great time to reconnect, slow down, and take care. Give yourself some grace; we're all figuring this out. If you and your family need support, know that we are here for you even if the school facility is closed. Please feel free to email or call me. I will be available work days 8AM - 3:30PM. Please allow 24 hours for a response, with the exception of holiday breaks, weekends, and when our office is closed.
